Big City Kids (Lyrics)

This town is ugly, there's never anything going on here,
Except the disco, the tennis club and the tanning salon.
The people hit their kids, cos nothing much else goes on
And the boys in the park drink beer out of plastic bottles.
Before we turn out the same way at some point, let's leave.

(Come with me)
Anywhere, let's be big city kids,
Anywhere, free at last!
Anywhere, where the sun shines for us
Come on, let's run away, we're not alone!

This city is sad, it's never really light here.
People don't like going out, they'd rather watch RTL¹,
To look at the big bad world out there on TV
Presented by Günther Jauch² and beautiful women!
Before we turn out the same way at some point, let's leave.

(Come with me)
Anywhere, let's be big city kids,
Anywhere, free at last!
Anywhere, where the sun shines for us
Come on, let's run away, we're not alone!

This city is ugly, at some point it just eats you up!
Please let's put a stop to it,
Come on, get up and pack your things
Let's go!

Anywhere, where the sun shines for us
Come on, let's run away, you and me...

Anywhere, let's be big city kids,
Anywhere, free at last!
Anywhere, where the sun shines for us
Come on, let's run away, we're not alone!

Anywhere, let's be big city kids,
Anywhere, free at last!
Anywhere, where the sun shines for us
Come on, let's run away in the flight of lights
Trust me, it'll be ok
Let's run away, just you and me!

1 Commercial TV station that is available through cable and satellite.

2 Famous German TV personality who hosted shows like "Who wants to be a millionaire" in Germany.
