Sportfreunde Stiller

54, 74, 90, 2010

One and two and three and '54, '74, '90 and
2010

We all join in
With our hearts in our hands
And passion in our legs
We'll be the world champions

We don't have the best playing culture
We're not exactly filigree
But we have dreams and visions
And a masterplan up our sleeves

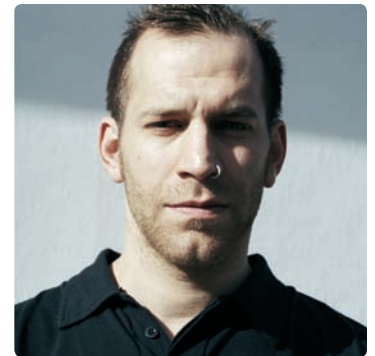

For our long journey out of the crisis
And out of our depression
The slogan now is:
"Nothing but the cup"

One and two and three and '54, '74, '90 and
2010

We all join in
With our hearts in our hands
And passion in our legs
We'll be the world champions

The first time, it was a miracle
The second time, it was luck
The third time, it was the well-earned reward
And next time it'll be a sensation

One and two and three and '54, '74, '90 and
2010

We all join in
With our hearts in our hands
And passion in our legs
We'll be the world champions

The whole world is reaching for the golden
cup
We'll try it again at the Cape of Good Hope
As guests in South Africa
Our dreams will finally come true

One and two and three and '54, '74, '90 and
2010

We all join in
With our hearts in our hands
And passion in our legs
We'll be the world champions

'54, '74, '90, 2010
We all join in
With our hearts in our hands
And passion in our legs
We'll be the world champions
